

JOACHIM KOHN - Distinguished Professor Emeritus at Rutgers University (USA), President of the International Union of Societies for Biomaterials Science and Engineering (IUSBSE)

Title: Biomaterials Science Opportunities in Support of Global Health

JOAQUIM M. A. C. DE OLIVEIRA - University of Minho (Portugal), 3B's Research Group

Title: Engineering Biomaterials for the Biofabrication of Soft and Complex Micro-Physiological Systems for Tissue/Disease Modelling

DIEGO MANTOVANI - Université Laval (Canada) Director of Lab Biomaterials and Bioengineering,

Title: Materials, Surfaces and Processes for the Innovation in Health and Regenerative Medicine: Focus on International Research Projects in Partnership with Brazilian (and Latino America) Organizations

MANOEL ODORICO DE MORAES FILHO - Universidade Federal do Ceará (Brazil)

Title: Applications of an Acellular Dermal Matrix Derived from Tilapia Skin

JOSÉ MAURO GRANJEIRO - Universidade Federal Fluminense (Brazil)

Title: Regulatory Challenges for Healthcare Products
